

TAMASO MA JOTIRGAMAY II
TALE VIBHAG SHIKSHAN PRASARAK MANDAL'S
D.G.TATKARE ARTS & COMMERCE COLLEGE, TALA
Tal. Tala, Dist. - Raigad - 402 111.

PROGRAM OUTCOMES

Outcomes of the students after completion of B.A. are expected to concentrate upon the following:

- Students will cultivate the sensibility to discern the evolution of civilizations and cultures.
- To get up to date with contemporary developments and develop a sociological sensibility to critically understand the social phenomena that affects their lives.
- The knowledge of reading, writing, speaking, interpretive and composition skills.
- Students able to appreciate the literary and cultural diversity and equips them to think critically about the issues of contemporary relevance.

DEPARTMENT OF MARATHI

PROGRAM SPECIFIC OUTCOME OF MARATHI

B.A. (MARATHI)

- To create an interest in literature.
- To avail the job opportunities in translation, transformation and media.
- To develop language.
- To increase the critical attitude about literary studies.
- Imbuing the literary research attitude.

COURSE OUTCOMES

COURSE OUTCOMES OF B. A.I

B.A (Marathi Compulsory)

- To develop reading, writing, speaking and listening skills.
- To develop News writing, Advertising Writing, Summary Writing And translation skills.
- Imbuing the essay writing skills.
- Illustrating the nature of literary forms like short story.

5. To acquaint with oriental poetry.
6. To create the skill of critical appreciation of apoem.

B.A I (Marathi Ancillary)

1. To introduce Marathi Drama.
2. To understand the nature of language and literature.
3. To acquaint with oriental poetry.
4. To create the skill of critical appreciation of apoem.

COURSE OUTCOMES OF B. A.II

B.A Marathi (Paper II)

1. To introduce Marathi Novel and literature.
2. To introduce contemporary literary works.
3. To inform about the types of Marathi Novels.
4. To introduce Marathi Autobiography and literature.
5. To explore interrelationship between literature and society by studying life in the Marathi Autobiography.

B.A Marathi (Paper III)

1. To introduce Human language.
2. To understand the formal and informal language.
3. To explore interrelationships between language, society, literature and culture.
4. To introduce the concept of language development and degradation.
5. To introduce *Aagri bolibhasha*.
6. To introduce stories and poems in *Agari boli*.

COURSE OUTCOMES OF B. A.III

B.A Marathi Paper- IV Medieval Marathi Literature

1. To introduce historical survey of medieval Marathi literature.
2. To introduce the literary forms in medieval literature.
3. To explain the trends and structure of medieval Marathi literature.

B.A. Marathi Paper – V Indian and Western Poetry

1. To obtain the skills of literature criticism.
2. To introduce various trends in literature criticism.

3. To introduce Indian literature and criticism.
4. To introduce Western literature and criticism.
5. To introduce literature production process and purpose of the material.
6. To introduce the language of literature and helping to understand it.

B.A. Marathi Paper – VI Literature and Society

1. To get motivation for creativeness writing.
1. To understand the interrelation between literature and society.
2. To explain the nature of language and literature.
3. To understand various trends in rural literature.
4. To understand various trends in Dalit Literature.
5. To understand various trends in Feminist Literature.

DEPARTMENT OF POLITICAL SCIENCE

PROGRAM SPECIFIC OUTCOME OF POLITICAL SCIENCE

- a) Student participate as a civically engaged member of society;
- b) Student analyze political and policy problems and formulate policy options;
- c) To use electronic and traditional library resources to research key local, state, national and international policy issues and present results;
- d) To demonstrate competency with basic tools underlying modern social science research including competency in statistics and qualitative analysis
- e) To demonstrate critical thinking, including the ability to form an argument, detect fallacies, and marshal evidence, about key issues of public policy and politics;
- f) To discuss the major theories and concepts of political science and its subfields; and
- g) To deliver thoughtful and well-articulated presentations of research findings.

COURSE OUTCOMES

COURSE OUTCOMES OF B. A.I

Politics Paper I: Indian Political System – (FYBA)

Semester I: The Constitutional Framework Course Code: UAMAPOL101

1. Modules in this course are critical to the broad grasping of the subject. Sufficient time is planned to ensure that the learner has a critical look at the topics assigned for the Semester.
2. Learners should be found to be acquainted with the technical details of the topics therein.
3. Learners should understand the institutions better through case studies and relevant contemporary issues.

Semester II: Indian Political Process Course Code: UAMAPOL201

1. Intricacies of Centre-State relations should be found to be understood and looked at in a new light by the learners.
2. Learners should be found to be capable of analysing significant variables shaping the Indian political system objectively.
3. Although basically known, these topics need theoretical attention for conceptual understanding. This is successfully done in this course

COURSE OUTCOMES OF B. A.II

Politics Paper II: Political Theory (SYBA)

Semester III: Principles and Concepts of Political Theory Course Code: UAMAPOL302

1. Learners should have an improved understanding and new insight into the political concepts commonly referred to
2. Conceptual base to the study of Politics should be laid.

Semester IV: Political Values and Ideologies Course Code: UAMAPOL402

1. Political Theory course through Semesters III and IV ensures conceptual clarity among learners.
2. Learners make informed use of the terms studied herein which contribute to critical thinking and raise vital questions for further research.

Politics Paper III: Public Administration Course Code: UAMAPOL303

1. Learners should be in a position to look into the changing nature of public administration with better insight.
2. Applicable, contemporary and relatable theories covered in this course makes for an interesting understanding of the subject.

Semester IV: Indian Administration Course Code: UAMAPOL403

1. Requirements of integrity, non-partisan civil service and importance of neutrality should be well understood.
2. Learners are sure to get a grip on contemporary issues in public administration.

COURSE OUTCOMES OF B. A.III

Politics Paper IV: Political Process in Modern Maharashtra – (TYBA)

Semester V: Politics of Modern Maharashtra Course Code: UAMAPOL504

1. The Course should have taught learners the nuances of the working of the State
2. Issues emerging in the State and the way forward should be clearly sketched

Semester VI: Determinants of Politics of Maharashtra Course Code: UAMAPOL604

1. This course usually generates deep interest among students and triggers extensive research and reading
2. Context to Maharashtra politics gets successfully built among learners.

Politics Paper V: Political Thought Semester V: Western Political Thought Course Code: UAMAPOL505

1. Students are usually found to enjoy thinkers' perspectives and it encourages them to read further into the thought processes.
2. Newer grounds for political analyses open up here onwards for the students.

Semester VI: Indian Political Thought Course Code: UAMAPOL605

1. Learners emerge enriched from this study of political thought as it creates a strong foundation for further study of thought and theory
2. Learners are introduced to newer dimensions of thought and fresh critical dialogues emerge.

Politics Paper VI: International Relations Semester V: World Politics Course Code: UAMAPOL506

1. Students are found to have not only understood the nuances but also given a serious thought the developments.
2. Students come up with extremely mature insights into the global issues.

Semester VI: India in World Politics Course Code: UAMAPOL606

1. Learners' understanding of diplomacy and foreign policy is honed.
2. The course successfully helps the learners analyze the changing relations in the subcontinent over the years.
3. It prepares the learners for an unbiased and neutral analysis of India's relations in the international community.

DEPARTMENT OF GEOGRAPHY

PROGRAMME SPECIFIC OUTCOME OF BA GEOGRAPHY

Program Specific Outcomes on Completion after the BA (Geography) Students are able to:

- a. Serve as a Geographer.
- b. Work as a surveyor in various Govt. Departments.
- c. Work as a teacher in schools and high schools.
- d. Serve as conservator in forest, Soil, Agri, Departments.
- e. Work in disaster and water resources management.
- f. Serve in forest department as forest conservator.
- g. Serve in cartographer in map making divisions of Government.
- h. Work in NGOs.
- i. Can Prepare for Competitive exams.
- j. Aware about Remote Sensing and GIS Technology.

COURSE OUTCOMES

Geomorphology

The geographical maturity of students in their current and future courses shall develop.

1. The student develops theoretical, applied and computational skills.
2. Describe what Geography and Physical Geography are.
3. Understand the physical principles and processes governing the circulation and characteristics of the atmosphere and climates on Earth.
4. Understand the principles of geomorphology and the processes that shape the landscape.
5. Understand the directional and location systems employed on the surface of the Earth
6. Be able to use and analyze maps.
7. The broad objective of the course is to introduce to the students the fundamentals of atmospheric phenomena, global climate systems and climate change.
8. The atmosphere and climate are a critical part of the earth system, and climatic variability and change are central to the issue of current and future global environmental change.
9. To understand the dynamics of the atmosphere, the ocean and the overall climatologically system.
10. On successful completion of this course, students should be able to understand the mean global atmospheric circulations and disturbances, world climate systems, climatic variability and change.

Physical Geography of India

1. To know the physical characteristics of India.
2. To be familiar with the cultural characteristics of India.
3. To sensitize the students with development issues and policies and programmes designed for regional development.
4. Students can understand the drainage system of India.
5. To understand the climatic zone, Characteristics, Origin and Mechanism of Monsoon.
6. Students can know the soils and forestry of India.
7. Understand uses and location of the Mineral Resources and Energy Resources
8. Student can be aware of the agricultural pattern and recent trends in agricultural of India.

Tourism Geography

1. Students will able to understand the Background of Tourism
2. Analysis of tourism practices for their implications locally and globally.
3. To understand and evaluate tourism as a phenomenon and as a business system.
4. To clarify the diverse nature of tourism, including culture and place, global/local perspectives, and experience design and provision.
5. To Plan, lead, organize and control resources for effective and efficient tourism operations.
6. To Develop and evaluate tourism policy and planning initiatives.
7. Students will be able to understand the commitment to ethical practices of tourism.
8. To understand the forms of oral, written, digital, and graphic communication.
9. Work collaboratively in groups, both as a leader and a team member, in diverse environments, learning from and contributing to the learning of others.

Settlement Geography

1. To provide an understanding of spatial and structural dimensions of population.
2. To familiarizing the students with global and regional level problems.
3. To acquaint the students with the spatial, political and structural characteristics of human settlement under varied environmental conditions.
4. Students can understand the various sources of population data.
5. Students are able to understand the population dynamics and spatial pattern of population distribution.

6. They will be on familiar terms with the models and theories of population and settlement study.
7. Student can classify the man and environment relationship.
8. Students can also understand the new concepts of settlement and urbanization with respect to modern era.

Tools and Techniques in Geography

1. To Introduce the Students with SOI Toposheets and to acquire the Knowledge of Toposheet Reading/Interpretation.
2. To familiarize the students with the weather instruments and their applications in Geographical phenomena.
3. Students can understand the morphology of topography.
4. Students will able to understand the methods of relief representation.
5. Students will understand the Uses and Application of RS and GIS.
6. To acquaint the students with IMD weather maps and to gain the knowledge of weather map Reading / interpretation.
7. To train the students in elementary statistics as an essential part of geography.
8. To awareness about GIS among the students.

DEPARTMENT OF ECONOMICS

COURSE SPECIFIC OUTCOMES

- a. To understand the past, present economic conditions of the country.
- b. Students will also be able to forecast the future course of changes and development through their knowledge of policies and programmes set by the governments and other development agencies.
- c. It helps us understand the functioning of a complicated modern economic system. It helps to achieve the goal of economic growth, a higher GDP level, and higher level of employment.
- d. It helps to bring stability in price level and analysis fluctuations in business activities.

COURSE OUTCOMES OF B. A.I

1. To understand concepts in brief.
2. To spread Economic Literacy among Learners.

3. To create competitiveness for better future.

The syllabus has been revised in view to understand recent trends in the subject of Economics. The board of studies in Economics has revised the syllabi which will be made effective from the academic year 2018-19. In this revision, some of the existing optional papers have been replaced by new papers. A broad overview of the structure, followed by the syllabi of individual papers is given below.

Micro Economic Theory Paper – I

This course is designed to introduce the students to elementary concepts in micro economics. The students should be able to use these concepts to understand the relevance of micro economics to real world. The student should be able to build on these concepts in the future to develop deeper understanding of the economy.

Micro Economics Paper – II

As a logical sequence to microeconomics paper –I this paper is aimed to giving supply side knowledge of economics to the learner which will enhance their knowledge about aspects of production, cost and revenue analysis, theories of distribution and understanding about the market structure.

BACHELOR OF COMMERCE (B.COM)

PROGRAM OUTCOMES

Outcomes of the students after completion of B. Com are expected to concentrate upon the following:

- a. The student can get commercial knowledge
- b. Students can get thorough knowledge of finance and commerce.
- c. The knowledge of different specializations in Accounting, costing, banking and finance with the practical exposure helps the students to stand in organization.
- d. The students can get the knowledge, skills and attitudes during the end of the B.com degree course.
- e. By goodness of the preparation, they can turn into a Manager, Accountant, Management Accountant, cost Accountant, Bank Manager, Auditor, Company Secretary, Teacher, Professor, Stock Agents, Government employments and so on.,
- f. Students will prove themselves in different professional exams like C.A., C S, CMA, MPSC, and UPSC. As well as other coerces.
- g. The students will acquire the knowledge, skill in different areas of communication, decision making, innovations and problem solving in day-to-day business activities.
- h. Students will gain thorough systematic and subject skills within various disciplines of finance, auditing and taxation, accounting, management, communication, computer.
- i. Students can also get the practical skills to work as accountant, audit assistant, tax consultant, and computer operator. As well as other financial supporting services.
- j. Students will learn relevant Advanced accounting career skills, applying both quantitative and qualitative knowledge to their future careers in business.
- k. Students will be able to do their higher education and can make research in the field of finance and commerce.

PROGRAM SPECIFIC OUTCOMES

ACCOUNTANCY:

- Understanding basic concepts of accountancy
- Getting acquainted with the procedure of preparation of vertical and horizontal income statements, balance sheet and statement of cash flows which are required for external users and more useful to managers for managerial decision making.
- Developing knowledge about preparation of final accounts as per Companies Act
- Obtaining the knowledge of accounting principles and accounting standards
- Getting knowledge of internal and external reconstruction of companies

- Getting knowledge of auditing procedure, techniques and skills

COURSE OUTCOMES OF B. COM.I

Accountancy and Financial Management-I & II

1. Understanding the concepts of Financial Accounting
2. Exposure to nature and advantages of Accounting,
3. Introduction to Accounting standards in India
4. Obtaining the knowledge of Branch and Departmental Accounts
5. Getting knowledge about accounting procedure of single and double entry system, consignment accounts.

Business Economics- First to Three Years Course

Business Economics: The objective of this paper is to make the student to understand how the business organizations work by applying economic principles in their business management.

1. Understanding the link between business economics and business decision.
2. Realizing the importance of demand forecasting and method of demand forecasting.
3. Justifying the demand function and production function.
4. Evaluating various production theories.
5. Clarifying the meaning of Marginal, average, total revenue, and Marginal, average and total cost and its implication.
6. Understanding different markets structure in marketing system

Business Economics (Micro)

1. To expose Students of Commerce to basic micro economic concepts and inculcate an analytical approach to the subject matter.
2. To stimulate the student interest by showing the relevance and use of various economic theories.
3. To apply economic reasoning to problems of business.

Business Economics (Macro)

1. The objective of the course is to familiarize the students the basic concept of Macro Economics and application, which are Gross National Product (GNP), Net National Product (NNP) ,Income at Factor cost or National Income at Factor Prices ,Per Capita Income , Personal Income (PI),Disposable Income etc.
2. To Study the behavior of the economy as a whole.
3. To Study the relationship among broad aggregates.
4. To apply economic reasoning to problems of the economy.

English for Business Communication

1. Spoken communication and written communication.

2. Writing of Resume and various types of letters
3. Writing Reports, Agenda, Minutes, Essay, paragraph etc.
4. Interview Techniques.
5. Understanding and getting knowledge of organization of conference and conducting meetings

Environmental Studies

1. Understanding environmental concerns by the students at the undergraduate level.
2. Understanding the relationship of man with the environment and help they change his attitude for more positive, proactive, eco-friendly and sustainable lifestyles.
3. Getting information about climate change, Global warming, Acid rain, Green house effect, Ozone, layer depletion.
4. Cultivating attitudes to safeguard the environment built particularly with field experience.
5. Realization of the impact of human actions on the immediate environment and the linkage with the larger issues.
6. Getting information about Environment Protection Acts.

Foundation Course- I & II

1. To Understand Indian Society, concept of disparity.
2. To understand the Indian Constitution
3. To understand growing social problems in India
4. To understand LPG and Indian Society and its impact
5. To understand the concept of Human Rights
6. To understand Stress and Conflict and managing the same
7. To know the contemporary societal challenges

Introduction to Business and Service Sector

1. Knowledge about Traditional and modern types of businesses
2. Understanding business environment factors
3. Understanding difference between entrepreneur and intrapreneur
4. Clear new technologies developed in business

Mathematics and Statistics

1. Understanding concepts of statistics and share market
2. Making familiar with statistical tools which are relatively used in business.
3. Imparting the ability to collect present, analyze and interpret data.
4. Ability to predict trend values by using list square methods in regression.
5. Develop the concept of calculus which is very useful for solving mathematical problems

COURSE OUTCOMES OF B. COM.II

Accountancy and Financial Management-III & IV

1. Understanding the concepts of Partnership Firm and accounting procedure of partnership firm after new admission, retirement, death of partner
2. Exposure to nature and advantages of Amalgamation
3. Treatment of Piecemeal Distribution of cash
4. Obtaining the knowledge of Issue and redemption of preference shares and debentures
5. Getting knowledge about understanding profit prior to incorporation

Advertising

1. Understanding role of advertising in business
2. Awareness about available career opportunities in advertising sector
3. Understanding types of advertising
4. Explanation social aspects of advertising
5. Getting knowledge to build brand image

Business Economics-II

1. Understanding the basic concepts and theories of Macro economics.
2. Awareness about changing macroeconomics policies and theories.
3. Justifying various concepts such as; GDP, GNP NNP, Personal Income, Disposable Income, Per Capita Income, and National Income.
4. Explanation of the factors determining gross domestic product, employment, the general level of prices, and interest rates.
5. Acquaintance with law of markets, consumption function and investment function.
6. Understanding monetary policy of Central Banks and its implications.

Business Law

1. Clearing concepts of Contract and Agreement
2. Understanding various Acts
3. Clear difference between Negotiable Instrument, Promissory Note, Bill of Exchange etc.
4. Understanding knowledge about Consumer Protection Act, Competition Act
5. Awareness about consumer rights

Introduction to Management Accounting

1. Getting knowledge of Management Information System
2. Understanding knowledge about Comparative analysis of Trading, P& L a/c and Balance Sheet
3. Knowledge of preparation of Inventory Aging Analysis
4. Clearing concepts Debtors and Creditors Aging analysis
5. Getting performance of business through analytical study of past events
6. Clear preparation of various types of budgets
7. Getting knowledge of working capital, clearing concepts of ratio analysis
8. Getting knowledge about audit planning and procedure and documentation and writing audit report

Management Functions and Challenges Production and Finance

1. Clearing concepts and functions of Management and managerial skills
2. Understanding Management Planning, stages of Decision-Making Process
3. Clear concept of Production Management, Production Planning and Production Control
4. Understanding knowledge about Total Quality Management
5. Getting knowledge about Indian Financial System and New trends in financial market

COURSE OUTCOMES OF B. COM.III

Export Marketing

1. Understanding the importance of Export Marketing and Promotion Organisation in India
2. Understanding of procedure for obtaining export finance
3. Understanding role of financial institutions
4. Explanation of the registration of export procedure with different authorities
5. Understanding Export trade and documents and incentives used in it

Financial Accounting and Auditing (Financial Accounting)

1. Obtaining the knowledge of preparation of final accounts, banks and insurance company
2. Getting knowledge about conversion of foreign currency of foreign branch
3. Obtaining the knowledge of procedure of buy back shares
4. Exposure to valuation of equity shares, debentures and securities
5. Treatment of Internal and External Reconstruction
6. Getting knowledge of responsibilities of ethical behavior for accountants such as CSR and Financial Reporting
7. Getting knowledge of underwriting of shares and debentures
8. Understanding of accounting for Limited Liability Partnership and Liquidation Companies

Financial Accounting and Auditing (Cost Accounting)

1. Clear concepts of Cost, Costing and Cost Accounting
2. Getting knowledge about Material Cost, Labour Cost and Overheads
3. Obtaining the knowledge of classification of costs and preparation of cost sheets
4. Exposure to reconciliation of cost and financial accounts
5. Treatment of Contract Costing, Process Costing,
6. Getting knowledge of Marginal Costing, Standard Costing

Business Economics-III

1. Understanding the basic concepts and theories of International Trade and related issues

Marketing and Human Resource Management

1. Clearing concepts of Traditional Marketing and Modern Marketing
2. Knowledge about essentials of good Management Information System
3. Understanding importance of Marketing Mix

4. Clear concepts of Human Resource Management, Human Resource Planning, Human Resource Development
5. Understanding knowledge about role of Human Resource Manager
6. Understanding recent trends in Human Resource Management

Marketing Research

1. Understanding application of Marketing Research in Product, Price, Place, Promotion
2. Knowledge about sales, prospects, packaging and brands
3. Understanding knowledge about managing marketing research and marketing research agencies in India
4. Knowledge of emerging issues in marketing research

MASTER OF COMMERCE (M.COM)

PROGRAM OUTCOME

- a.To provide a systematic and rigorous learning and exposure to Banking and Finance related disciplines.
- b. To train the student to develop conceptual, applied and research skills as well as competencies required for effective problem solving and right decision making in routine and special activities relevant to financial management and Banking Transactions of a business.
- c.To acquaint a student with conventional as well as contemporary areas in the discipline of Commerce.
- d.To enable a student well versed in national as well as international trends.

- i.To develop the decision-making skill through costing methods and practical application of management accounting principles.
- j.To enhance the horizon of knowledge in various field of commerce through advertising and sales promotion, auditing and entrepreneurial development.
- k.To enhance the computer literacy and its applicability in business through latest version on tally and e-commerce principles.
- l.To create awareness in application-oriented research through research for business decisions.

PROGRAM SPECIFIC OUTCOME

After Completing Masters in Commerce students are able to

- a. Develop an ability to apply knowledge acquired in problem solving.

- b. Ability to work in teams with enhanced interpersonal skills and communication.
- c. The students can work in different domains like Accounting, Taxation, HRM, Banking and Administration.
- d. Ability to start their own business.
- e. Ability to work in MNCs as well as pvt, and public companies.
- f. To develop team work, leadership and managerial and administrative skills.
- g. Students can go further for professional courses like CA/ CS/CMA/CFA

COURSE OUTCOME

M. Com. Part – I, Sem. I

Strategic Management

1. To provide understanding of the Tasks, Functions and Skills of strategic management and latest developments.
2. To aware the students about principles and functions of strategic management.

Economics for Business Decisions

1. To understand the concepts of cost, nature of production and its relationship to Business operations.
2. To apply marginal analysis to the “firm” under different market conditions.
3. To analyse the causes and consequences of different market conditions.
4. To integrate the concept of price and output decisions of firms under various market structure.

Cost and Management Accounting

1. To study the costing concept and methods
2. To analyse the unit cost and job costing
3. To know the process costing with normal and abnormal loss
4. To update the standard costing methods
5. To prepare the reconciliations statements.
6. To develop an understanding of the conceptual framework of the Management Accounting.
7. To provide the knowledge in the Management Accounting Techniques in business decision making.
8. Business Ethics and Corporate Social Responsibility
9. To provide knowledge of business ethics, professional and human values and ethical system at general level.
10. To gain knowledge about Indian ethical practices.

M. Com. Part – I, Sem. II

Research Methodology for Business

1. To explain the students with the areas of Business Research Activities.

2. To enhance capabilities of students to conduct the research in the field of social sciences and business.
3. To facilitate students, in developing the most appropriate methodology for their research studies.
4. To aware the students with the art of using different research methods and techniques.
5. To evaluate various research decisions
6. To know the methods of data collection
7. To study the analysis and interpretation of data
8. To familiarize report writing

Macro Economics concepts and Applications

1. To understand the overall structure of the economy in theoretical and contemporary perspectives

Corporate Finance

1. To familiarize the students to acquire sound knowledge, concepts, structure and nature of Corporate Finance.
2. To impart knowledge regarding strategic corporate financial planning.

E-Commerce

1. To know the E- commerce frame work
2. To familiarize with E- commerce and world wide web
3. To study the application of Electronic Data Interchange
4. To know the marketing on the internet
5. To study multimedia and digital video

M. Com. Part – II, Sem. III

Advanced Financial Accounting

1. To impart knowledge of a theoretical foundation for the preparation and presentation of financial statements
2. To inculcate the understanding of rules of measurement and reporting relating to various types of business entities.

Direct Tax

1. The student will be versed in the fundamental concepts of different aspects of income tax.
2. The students can understand Income Tax system properly, and can get the knowledge of different tax provisions.
3. To give knowledge about Submission of Income Tax Return, Advance Tax, and Tax deducted at Source, Tax Collection Authorities under the Income Tax Act, 1961.
4. To update the current finance tax planning
5. To know the provisions of Income tax act
6. To study various heads of incomes

7. To analyze the profit and gain from business or profession
8. To identify the various other sources of income and capital gain

Advanced Cost Accounting

1. To understand role of cost accounting in the business management of manufacturing and non-manufacturing organizations.
2. To employ critical thinking skills to analyze cost data as well as the effects of differing cost accounting methods on store management.
3. Applying cost accounting methods to evaluate and control overheads and thereby enhance business performance.
4. To put on appropriate judgment derived from knowledge of standard costing, to cost analysis and decision making.
5. To demonstrate an understanding of marginal costing and acceptable practices, as well as the impact of cost volume analysis.

Project

1. Will demonstrate the ability to make links across different areas of knowledge and to generate, develop and evaluate ideas and information so as to apply these skills to the project task.
2. Will acquire the skills to communicate effectively and to present ideas clearly and coherently to specific audience in both the written and oral forms.

M. Com. Part – II, Sem. IV

Corporate Financial Accounting

1. Ability to calculate Goodwill, evaluate shares adopting different methods and preparation of final accounts of Indian Companies.

Indirect Tax- Introduction of Goods and Service Tax

1. To provide knowledge about goods service tax
2. To create employability to the students in the commercial tax practices
3. To understand the procedure for registration, payment and refund of GST
